

I didn't get an Email with my username and password.

This may be because you are not currently an active NAR member, the email address the NAR HQ has for you is out of date or not listed. If you are a current NAR member and want to use the forum, send a email to pinkbook-rcpforum@nar.org with your Name, NAR Number and current email address.

How do I log into the RCP forum?

Point your web browser to <http://www.nar.org/phpBB3/>

The screenshot shows the NAR RCP Forum interface. At the top, there is a blue header with the NAR logo and the text "NAR RCP Forum" and "The NAR Rules Change Process Forum". A search bar is located on the right. Below the header is a light blue navigation bar with "Board index" and "FAQ Login" links. The main content area shows a forum table with one topic: "NAR RCP Info (Read This First!)" with 1 topic and 1 post, last posted by JimFiller on Tue Nov 15, 2011 10:40 pm. Below the table is a "LOGIN" section with a red oval highlighting the "Username" and "Password" input fields. The "Username" field contains "JoeDoe" and the "Password" field contains ".....". There is a checkbox for "Log me on automatically each visit" and a "Login" button. Below the login section is a "WHO IS ONLINE" section with the text: "In total there is 1 user online :: 0 registered, 0 hidden and 1 guest (based on users active over the past 5 minutes) Most users ever online was 3 on Thu Dec 08 2011 9:57 am".

Use the username and password that was included in your email

The username is not case sensitive but the password is.

So if your username is JoeDoe you can type it as joedoe or joeDoe or JoeDoe.

If your password is aBc then only aBc will work, not abc or ABC or or AbC. Make sure you have caps lock off when typing a password.

Click on the Login button

Once you are logged in, you will see the Rules Revision Process 2011-2012 Comments

WHO IS ONLINE

I still cannot login, what do I do?

Send an email to pinkbook-rcpforum@nar.org with your Name, NAR Number and username. Someone will contact you in a day or two and try to help you out.

Can I change my username?

No. Your user name is the name you have listed with the NAR. There are no handles or aliases, if you want to make a comment your real name will be associated with it.

Can I change my password?

Yes, click on User Control Panel

Username:
Length must be between 3 and 50 characters. **BruceCanino**

E-mail address: caninobd@voicenet.com

Confirm e-mail address:
You only need to specify this if you are changing your e-mail address.

New password:
Must be between 6 and 100 characters.

Confirm password:
You only need to confirm your password if you changed it above.

Current password:
You must confirm your current password if you wish to change it, alter your e-mail address or username.

Reset **Submit**

I changed my password and can't remember it.

Send an Email to pinkbook-rcpforum@nar.org with your Name, NAR number, Username, and email address and we will reset your password.

All the topics are out of order, what do I do?

By default the topics show up by what was updated last. To see them in order scroll to the bottom of the screen and Select Sort by "Subject" and "Ascending" After you have gone thru all the topics once, you can let the default method of sort be as topic with new comments will float to the top. The Display topic options give you many choices to view them

How do I make my comment?

Read the information in the first post and if you have a comment, click on the POST REPLY button

#2011-0101 Staged Altitude

Jim Filler

by Jim Filler » Sun Nov 20, 2011 10:26 pm

Name: John Adams
NAR: 89814

Proposal # 2011-0101

Type: Regular

Summary: Addition of Staged Altitude competition requiring that all entries have two or three stages.

Logic: While staging is permitted in altitude events, there is, at present no class specifically for staged altitude. This event would fill a gap in the otherwise complete Sporting Code and may help boost interest in competition.

Effect: None

Wording: 24 Staged Altitude Competition

24.1 Scope

Altitude Competition comprises seven events open to any model rocket consisting of two or three stages. The purpose of this competition is to achieve the highest altitude.

24.2 Recovery

Models in the competition must adhere to the provisions of Rule 3.5.

24.3 Return

Following the flight, the contestant shall present his/her entry to a contest official as recovered. If the official cannot examine all stages, the entry shall be disqualified.

24.4 Classes

This competition is divided into classes based on the permissible total combined impulse of the motors. The following classes of Staged Altitude Competition are established:

Total Impulse Class Weighting Factor

B 11

FAI B 11

C 12

D 13

E 14

F 15

G 16
