

Here are ten good reasons why you should join the National Association of Rocketry:

10 Sport Rocketry - a full year's subscription to the premier model rocketry publication. Its plans, photos, technical articles, manufacturer news, and listings of launches in your area are yours when you join the NAR.

9 Nationwide Launch Locator - use our directory to find out when and where launches are being held in your area!

8 NAR Clubs - connect with other modelers in your area, hold club launches, work on group projects.

7 \$5,000,000 Liability Insurance - currently required by many launch site owners. Lift off with added peace of mind in the world's safest hobby!

6 High Power Certification Program - meet our requirements and become eligible to purchase and launch engines not available to the general consumer.

5 Competition - match your building and flying skills with modelers from your area and across the country! Set national and world records and receive official certification from recognized authorities.

4 Sporting License and Window Decal - identifies you as an official NAR member, includes your own registration number.

3 National Launch - spend an unforgettable week at the annual national competition (NARAM) and national sport launch. Fly beside or compete against the best modelers in the US! All NAR members are invited.

2 Conventions - learn about the newest theories, techniques, and product introductions at our national and regional convention launch fields!

1 Member Services - sport and scale plans, manuals, books, patches, competition rules booklet and much more!
