

## Information Bulletin 1

World Space Modeling  
Virtual Open Meet/2020

### **Unofficial Worldwide FAI-Style International Spacemodeling Competition**

August 21 - October 18, 2020

**Taking place at a flying field near you!**

# World Space Modeling Virtual Open Meet 2020

## Organizer

The World Space Modeling Virtual Open Meet is being organized and administered by members of the United States Spcemodeling Team for the benefit of the worldwide space modeling community. It is not an official Federation Aeronautique Internationale (FAI) or National Association of Rocketry (NAR) contest, but will be conducted similar to a traditional FAI World Cup contest.

## Website

The World Space Modeling Virtual Open Meet website is the primary source of information concerning this event, and may be found at:

<https://www.nar.org/site/virtual-openmeet/>

The website will be updated continuously throughout the contest period.

## Classes

S4A – rocket glider duration  
S6A – streamer duration  
S9A – gyrocopter duration  
S8D – R/C rocket glider  
S7 – scale (simplified judging)  
S2/P – precision fragile payload

## Contest Rules

The World Space Modeling Virtual Open Meet will be conducted according to the FAI Sporting Code, Section 4 - Aeromodelling, Volume S - Space Models (version of January 1, 2020). There will be some modifications to the rules due to the remote nature of this contest. These changes are noted on the website under “Events and Rules.”

## Awards

No formal awards will be presented. Winners and participants will enjoy the acclaim received from their fellow space modelers!

## Launching Site

The World Space Modeling Virtual Open Meet will take place worldwide, at any appropriate flying field.

## Insurance

No insurance coverage will be provided for this event. It will be the responsibility of each of the participants to secure appropriate liability insurance for themselves.

## Official Language

The official language of the World Space Modeling Virtual Open Meet will be English.
